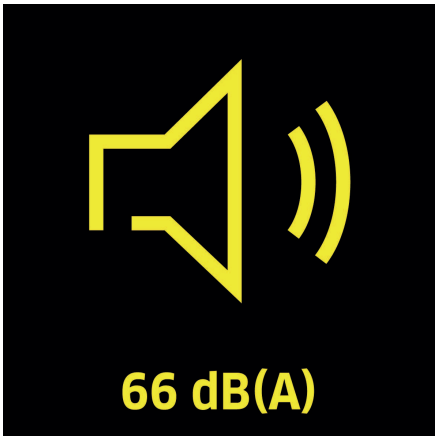
Power outlet for PW 30

- The integrated power outlet enables flexible use of the PW 30/1 without an additional power source.
- When not in use, the power outlet is effectively protected by an automatically closing flap.
- The PW 30/1 improves the area performance, cleans the pile with a rotating brush and aligns it in one direction.

Removable dirty water tank

- To protect against dirt, the waste water tank handle is attached to the outside.
- The dirty water tank is easy to remove and can also be used for filling the fresh water tank.
- A short description on the rear of the waste water tank explains the work process in a way that is easy to understand.



Extremely quiet

- At just 66 dB(A), the Puzzi 30/4 is the quietest wet vacuum cleaner of its kind.
- Thanks to the low volume level, the machine can be used anywhere, even during business hours and in hotels.
- The low noise emissions protect the operator and allow longer work intervals.
